Projects

MindMate

MindMate is an innovative SaaS AI Bot crafted using Next.js, TypeScript, Stripe, Prisma ORM, and MySQL technologies. This intelligent platform offers multifaceted functionalities, including code generation, video/audio/photo creation, and interactive chat capabilities.

- Utilizes Google Gemini API, Pixels API, and OpenAI API to enhance content generation and user interactions.
- Seamlessly integrates with Stripe for premium purchases, ensuring secure and efficient transactions.
- Implements Google authentication through Clerk for enhanced user security and authentication processes.

Let's Talk

Let's Talk is a vibrant social media platform crafted with Next.js, TypeScript, Tailwind CSS, Shadcn-UI, Node.js, Express.js, PostgreSQL, and WebRTC featuring comprehensive functionalities for seamless user engagement.

- User registration and profile creation with detailed information.
- Creation and sharing of stories and posts, with options to view likes and comments.
- Facilitation of text, audio, and video conversations among users.

Mootsh

Mootsh is a comprehensive photo printing platform built on React, Node.js, Material-UI, Express.js, PostgreSQL, and Stripe, offering users a seamless experience from photo upload to delivery, including membership options and gifting features.

- Mootsh provides a membership system enabling users to create accounts, log in, and purchase memberships for enhanced benefits.
- Users can upload their photos, place orders for printing, and track the status of their orders through the platform.

Tic-Tac-Toe

A real-time multiplayer game built on HTML, CSS, Node, Socket.IO, and WebRTC.

- Enable real-time gameplay where multiple players can take turns
- Implement a game board with mechanics to determine wins, losses, or draws.

Academic and Extracurricular Achievements

- Achieved the 2nd rank in the prestigious Masai CodeMas DSA competition.
- Secured the first prize in the challenging Masai parking system Low-Level Design (LLD) project competition.
- Attained the first rank in the highly competitive Masai Bounty Program.
